AGENDA

Webinar #1: What's Happening in Alzheimer's Research?

Wednesday, October 21, 2–3:30 pm ET

Get an overview of current Alzheimer's research directions and studies, presented by leaders in the field. Learn about:

- The research plan to cure, treat or prevent Alzheimer's and related dementias by 2025
- Engaging participants in studies through the Brain Health Registry
- Investigating how exercise and diet affect dementia risk
- Using technology to monitor, manage and study dementia and novel, early predictors of risk

Presenters:

- Suzana Petanceska, PhD, Program Officer, Division of Neuroscience, NIA
- Michael Weiner, MD, Professor in Residence in Radiology and Biomedical Imaging, Medicine, Psychiatry, and Neurology, University of California San Francisco
- Laura Baker, PhD, Associate Professor in Gerontology and Geriatric Medicine, Wake Forest University
- Martha Clare Morris, ScD, Director, Section of Nutrition & Nutritional Epidemiology, Department of Internal Medicine, Rush University
- Jeffrey Kaye, MD, Director, Layton Aging and Alzheimer's Disease Center, Oregon Health & Science University

OBJECTIVES

1. Identify goals and activities outlined in the annually-updated National Plan to Address Alzheimer's Disease
2. Identify progress made in the previous year regarding activities of the National Plan to Address Alzheimer's Disease;
3. Locate resources for more information about Alzheimer's disease and related dementias;
4. Describe current findings and directions in research, such as advances in technology, clinical and non-pharmaceutical research; enrollment of participants into studies; and newly-funded trials beginning recruitment;
5. Identify sources of information about research trials and how professionals in the aging, public health and research networks can apply this knowledge to inform partners and consumers about research and participation opportunities in their communities;
6. Identify and describe national sources of information and supportive services, such as alzheimers.gov, CDC, ADEAR, Eldercare Locator, and National Alzheimer's Contact Center; and to apply these resources to educate and inform community members, people with dementia and their family caregivers;
7. Describe community initiatives and public-private partnerships to develop and implement Alzheimer's disease and related dementias plans, dementia-capability efforts, and dementia-friendly communities; and to access resources for starting initiatives in their states and communities.

Origination Date: 10/21/2015

Expiration Date: 10/27/2017

ACCREDITATION STATEMENTS:

CNE: The Centers for Disease Control and Prevention is accredited as a provider of Continuing Nursing Education by the American Nurses Credentialing Center's Commission on Accreditation.

This activity provides **1.5** contact hours.

CEU: The Centers for Disease Control and Prevention is authorized by IACET to offer **0.2** CEU's for this program.

CECH: Sponsored by the Centers for Disease Control and Prevention, a designated provider of continuing education contact hours (CECH) in health education by the National Commission for Health Education Credentialing, Inc. This program is designated for Certified Health Education Specialists (CHES) and/or Master Certified Health Education Specialists (MCHES) to receive up to **1.5** total Category I continuing education contact hours. Maximum advanced level continuing education contact hours available are **0** CDC provider number **GA0082**.

DISCLOSURE: In compliance with continuing education requirements, all presenters must disclose any financial or other associations with the manufacturers of commercial products, suppliers of commercial services, or commercial supporters as well as any use of unlabeled product(s) or product(s) under investigational use.

CDC, our planners, presenters, and their spouses/partners wish to disclose they have no financial interests or other relationships with the manufacturers of commercial products, suppliers of commercial services, or commercial supporters. Planners have reviewed content to ensure there is no bias.

Presentations will not include any discussion of the unlabeled use of a product or a product under investigational use.

To receive continuing education (CE):

Complete the activity

Complete the Evaluation at www.cdc.gov/TCEOnline

Pass the posttest at 75% at www.cdc.gov/TCEOnline

FEES: There are no fees for CE.

Instructions for requesting CE

For best functioning, please use a browser other than Internet Explorer (e.g., Firefox, Chrome)

- Go to <http://www.cdc.gov/TCEOnline>, and log in (you may need to register as a new participant).
- After successful log in, the “**Participant Services**” menu displays. Select “**Search and Register**”. Select option 2, “**Keyword Search**”, and enter the course **WC2463** and select “**View**”.
- Select the course “**102115**” to open the Course Description page. Scroll down to the box labeled “**Register Here**”, choose the appropriate credit type, and select “**Submit**”.
- The next page requests demographic information. Answer or update the demographic questions. Scroll down to the bottom of the page and click “**Submit**”.
- You will be asked to enter the **Verification Code (ADWeb14)** prior to completing the evaluation.
- The post-test is required and will follow the evaluation.

Instructions for Requesting CE (Webcast) (10/21/15-11/23/15):
